### Why Putter With Corns? Use "Gets-It"

Common-Sense, Simple, Never Fails. You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn is a "Goner!" "Gets-It" on any corn or callus dries it out. The corn finally loosens off from the foot, so that you can peel it off with your finger in one piece, painlessly. Like peeling a banana. "Great stuff, which I'd done that before." There's only one corn-peeler—"Gets-It." Toes wrapped up big with tape and bandages. Toes squirming from irritating salves. It's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be misled by imitations. See that you get "Gets-It." "Gets-It" the guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill. Sold in Nogales and recommended as the world's best corn remedy by OWL DRUG STORE.
